**Introductory Rate: $200**

## Restoring the Patient's Voice

Practice questions that draw out what matters most to patients and learn how to carry their values and preferences into care decisions.

## Communicating Without Regret

Find words for hard conversations about serious illness, changing care needs, and what families want to say while there's still time.

## Caregiver Resilience & Dementia Care

Recognize early signs of caregiver burnout, identify practical ways to share the load, and respond with reassurance when memory changes make communication difficult.
